STAY WILD 2026

BECOME A SPONSOR

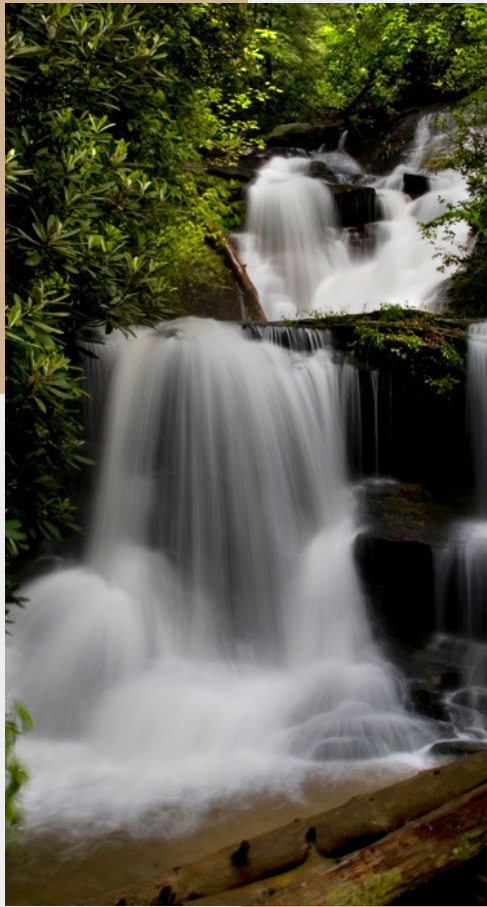

The Chattooga River is the crown jewel of Wild & Scenic Rivers system in the southeastern US. Beginning in the Blue Ridge Escarpment – an area noted for its high rainfall, outstanding biological diversity, abrupt terrain, and many spectacular gorges – the Chattooga is one of the most unique recreational rivers in the Southeast. For these reasons and more, the Chattooga River watershed draws visitors from all over the world to our area for its captivating natural beauty.

In celebration of this beautiful river, we are hosting our **Stay Wild event on July 25th at Chattooga Belle Farm in Long Creek, South Carolina**. Stay Wild brings together hundreds of people who love the Chattooga River to partner in its protection while celebrating the impact the river has had on our community and our lives. **Your sponsorship will help make this event happen.**

The Chattooga Conservancy is dedicated to the Chattooga River, its watershed, and nearby special places, advocating for proper management of public and private lands to protect, promote and restore the Chattooga River watershed, in harmony with a healthy human environment.

Today, we face increased pressures from rollbacks of environmental protection measures, leaving our watershed even more vulnerable to biodiversity loss, unchecked development, water quality degradation, and mismanagement of our treasured national forests. *In the face of these unprecedented threats, it has never been more important to gather the community in support of this remarkable place.*

Join us as a sponsor, and help support conservation and protection of the Chattooga River and its watershed!

*July 25

STAY WILD 2026

ABOUT THE EVENT

Stay Wild not only celebrates the magnificent Chattooga River – it is a celebration of our volunteers, donors, community members, and stakeholders. The event raises funds and friends for the Chattooga Conservancy, allowing us to continue the work we've championed since 1994: protecting, promoting, and restoring the Chattooga River and its watershed.

The beautiful **Chattooga Belle Farm** in Long Creek hosts between 250 - 400 guests for Stay Wild. Throughout the evening, the community can join a raffle and silent auction, listen to live music by local bands, and enjoy a locally sourced dinner by Chef Amanda Callahan of Callywood Farms in Westminster, SC, featuring animal welfare approved BBQ, farm fresh sides, and dessert. It is truly a highlight of the summer!
